To Whom It May Concern:

Re: Glenn Copeland

This letter is written in support of Glenn Copeland. During the 2007/2008 school year, Irwin Memorial Public School had the benefit of attending a local school performance directed by Glenn at the Algonquin Theatre. Staff and students were inspired by this production which showcased student talents in a professional manner.

During the fall of 2008, Glenn joined Irwin Memorial staff and parent volunteers to oversee the production of "A School Tale for the Season". Under his guidance and artistic direction, the staff, students and parents created a performance which integrated music, dance, drama and a variety of visual arts projects while addressing curriculum expectations, character education virtues and environmental issues. Glenn is a master musician and writer. He wove together parental, staff and most importantly student ideas and artistic products into a relevant, polished and exceptional final exhibition.

In addition to his expertise in various arts' areas, Glenn brings his skills in dealing with individuals of all ages in a diplomatic and inclusive manner. Glenn is able to entertain children and young people while developing their skills and natural talents. He inspires and motivates through his warm, caring and vivacious personality.

I highly recommend Glenn Copeland as talented and skilled individual who is able to work effectively with a variety of individuals of all ages in the creation, refinement and production of musical, dramatic and general arts presentations. Please feel free to contact me if you wish additional information.

Sincerely,

Kim Goodwin-Myers
