To whom it may concern,
Re: Glenn Copeland

I have had the pleasure of working with Glenn Copeland over the past year when he was involved in a production at Spruce Glen School. It is my opinion that Glenn Copeland has extraordinary talent with many different aspects of the arts as well as exceptional talent working with young people of all ages and abilities. For these reasons, Glenn Copeland would be a tremendous asset to any school's needs in the area of the arts.

This winter Glenn wrote and produced the Mother's Tree, a multidisciplinary arts project that ran for eight weeks at the school. The culminating activity was held at the Algonquin Theatre in Huntsville to two sold out shows. Glenn's expertise in the areas of music, visual arts, dance, computer technology and drama were instrumental in ensuring the success of our production. He also demonstrated a caring and professional ability to bring out the best that each student had to offer. The students respected Glenn and were excited to work with such a talented artist.

I would highly recommend Glenn Copeland, as his leadership skills are extraordinary and his artistic talents are numerous. I personally feel that it would be an honour to work with Glenn in the future. Please do not hesitate to contact me if you need any more information.
